II. Program Highlights

1. NEGOTIATIONS:

- **IHS Contract Health Services (CHS) or Purchased and Referred Care (PRC):**
On March 24th, Self-Governance, in coordination with health services and the attorney general's office, submitted a proposed "final offer" to the Indian Health Service to include Claremore Contract Health Services (now called Purchased and Referred Care) in the Cherokee Nation's IHS funding agreement. On April 22nd, the Nation received a letter from IHS Director Yvette Roubideaux accepting the Nation's final offer to include Claremore Indian Hospital CHS/PRC in the Nation's funding agreement. The start date for Cherokee Nation to assume control of CHS/PRC at Claremore Indian Hospital is June 1, 2014. Cherokee Nation Health Services is now in the process of transitioning CHS/PRC from IHS to tribal control.
- **Veterans Affairs:**
Health Services, Self-Governance, and the Attorney General's office have successfully negotiated a reimbursement agreement with the U.S. Department of Veterans Affairs. Principal Chief Baker and representatives from the Jack C. Montgomery VA Medical Center in Muskogee held a signing ceremony on May 16th. When the agreement is implemented, in certain situations, Veterans Affairs will reimburse the Nation for care provided to eligible American Indian/Alaska Native veterans that are treated at Cherokee Nation health facilities. This will create a new source of income that will increase the level of funding available for all users of Cherokee health facilities.
- **DOI: Fire Preparedness and Suppression**
OSG and Risk Management met with BIA staff regarding issues pertaining to fire preparedness and suppression activities. A letter was sent to the Regional Office outlining the issues and requests from the Nation.

The Nation, BIA Regional Office and Oklahoma Department of Agriculture, Food and Forestry-Forestry Services, (ODAFF) are working on a MOU between the parties the purpose of which is to coordinate and formalize activities, policies, and procedures to maximize public safety and more efficiently manage wildland fire activities within the Cherokee Nation jurisdictional boundaries.

- **DOI, OST Negotiations:**

Negotiations to update the Office of Special Trustee (OST) Appraisal MOU and the Beneficiary Processes Program are expected to commence in the near term.

2. BIA/IHS Joint Contract Support Costs Consultations :

The Department of Interior has recently held several important consultation sessions. On March 11th, the BIA and IHS held a joint tribal consultation session regarding contract support costs. This session was the first of a series of congressionally directed consultations with Tribes regarding long term plans to fully fund CSC. The two agencies each have until May 17th to consult with Tribes and submit a long term CSC “work plan” to Congress. The purpose of the work plan is to share a road map with Congress on how the agencies plan to fully fund contract support costs in the long term.

On May 6th, the BIA and IHS held their final contract support costs consultation prior to submission to their long term work plan to Congress. Cherokee Nation Self-Governance staff participated in the consultation and provided input to both BIA and IHS officials. It is important that the BIA and IHS have strong CSC policies in place in order to ensure each tribe receives its fair share of CSC funding. Moving forward, if Congress continues to appropriate enough money to fully fund CSC and the federal agencies have fair policies in place, Cherokee Nation and other tribes will be able to end decades of litigation.

3. Contract Disputes Act Litigation:

Vickie Hanvey and staff are continuing to assist the Cherokee Nation Office of the Attorney General with litigation against the United States Department of Health and Human Services for underpayment of contract support costs claims.

October 8, 2013: Cherokee Nation filed complaints for underpayment of contract support costs for FY 2011 and FY 2012 in the United States District Court for the District of Columbia. The case, along with several other Tribes' CSC claims, was assigned to District Judge Rudolph Contreras. Judge Contreras then assigned the cases to Magistrate Judge John Facciola for mediation.

November 14, 2013: The Nation and the Government sent discovery request as part of the mediation process per a court order of November 4, 2013. As this mediation will cover all pending claims, the document discovery request seeks documents from FY 2005 through FY

2012. The Nation has 30 days to respond, however CN OSG has already previously provided to the Sonosky firm many, if not all, of the documents that the Government has requested.

February 10, 2014: Received a settlement offer from the government.

February 27, 2014: Received notice from D.C. Circuit Court that initial mediation session between IHS and Cherokee Nation is scheduled for August 4, 2014.

May 5, 2014: Representatives of the Nation and the United States Department of Justice, Department of Health and Human Services, and Indian Health Service met in Alexandria, VA to exchange information regarding the Nation's CSC claims.

May 20-21, 2014: First scheduled settlement negotiations between the Nation and federal government to be held at the United States Attorneys' office in Albuquerque, NM.

4. 2014 Annual Self-Governance Consultation Conference:

Cherokee Nation Self-Governance staff participated in the 2014 Tribal Self-Governance Consultation on May 4-8. Vickie Hanvey served as a panelist for several discussion sessions at the conference. Vickie also provided an update on the Department of the Interior's Financial and Business Management System with the Deputy Assistant Secretary of Indian Affairs. Several other meetings and federal consultation sessions were held concurrent with the conference in order to reduce travel time and cost.

5. Comments on Proposed PL 102-477 Reporting Changes:

Staff from Career Services, Child Care, Finance, and Self-Governance worked together to submit official comments on proposed changes to reporting forms for the PL 102-477 Program. The proposed reporting requirements and forms would place a higher administrative burden and cost on Career Services, Child Care, and Finance by requiring the programs to report program expenditures by cost categories. These additional reporting requirements reduce the tribal flexibility that is at the heart of PL 102-477.

6. Quarterly BIA/IHS Self-Governance Advisory Committee Meetings:

Self-Governance staff participated in the quarterly BIA/IHS Self-Governance Advisory Committee meetings that were held April 22-24. Vickie Hanvey serves as the Eastern Oklahoma regional representative on the BIA Self-Governance Advisory Committee. Assistant Secretary-Indian Affairs Kevin Washburn and IHS Director Yvette Roubideaux both spent several hours with the committees to discuss the issues that are most important to self-governance tribes. Contract Support Costs, budget parity with direct service tribes, amendments to Title IV of ISDEAA, expansion of self-governance within HHS, Affordable Care Act implementation, and access to funding outside of BIA and IHS were among the topics discussed.

7. Sequoyah High School/Bureau of Indian Affairs Roads Inventory:

Self-Governance staff and the Cherokee Nation Roads Department have initiated discussions with the Bureau of Indian Affairs regarding five roads/routes on the campus of Sequoyah High School. The five "routes" were part of a package of fourteen routes submitted to the BIA in 2012 to be placed on the Nation's BIA roads inventory. The other nine routes have been added to the Nation's roads inventory and are now eligible for federal funding. The five routes on the SHS campus are not eligible for federal funding until they are added to the Nation's BIA roads inventory. Self-Governance staff has requested additional information from the BIA regarding the lack of actions on the SHS routes.
