

An Act

Legislative Act 03-26

CHEROKEE NATION NURSING AND ALLIED HEALTH EDUCATION CENTER AND ENDOWMENT ACT of 2026

BE IT ENACTED BY THE CHEROKEE NATION:

Section 1. Title and Codification

This legislative act shall be titled and codified as the Cherokee Nation Nursing and Allied Health Education Center and Endowment Act of 2026.

Section 2. Legislative History

[Resolution 44-23](#)

Section 3. Purpose and Findings

- A. Purpose:** The purpose of this Act is to authorize the designation of a facility located in Tahlequah as the Cherokee Nation Nursing and Allied Health Education Center, primarily for the provision of nursing and allied health education.
- B. Findings:** The Council of the Cherokee Nation finds that the facility known as W.W. Hastings Hospital is scheduled for replacement in fiscal year 2026 and should be thereafter redesignated and remodeled for its highest and best use in further service of the interests of the Cherokee Nation. The Principal Chief has advised the Council of opportunities to provide health care education, directly and/or by third parties, to citizens of the Cherokee Nation and the general public in a manner that helps meet the workforce development interests of the Cherokee Nation, including but not limited to through agreements with the University of Oklahoma, authorized under “A Resolution Repealing and Replacing Resolution 67-21 (December 13, 2021) In Support of Certain Health Care Capital Projects Under the Respond, Recover and Rebuild Plan” (Resolution 44-23). More specifically, Resolution 44-23 authorized the Principal Chief to enter into agreements with, among other entities, the University of Oklahoma, to, among other things, support “[c]ollaboration between the parties on healthcare workforce development.” The Principal Chief has further advised the Council of a tentative plan to remodel said facility for the provision of said education. The Council finds that the close geographic proximity of said facility to other Cherokee Nation health system and related facilities is a compelling factor favoring further healthcare education capital investment at said facility. The Council therefore finds that the

highest and best use for said facility should primarily be for the provision of nursing and allied health education. The Council further finds that in further consideration of Cherokee Nation's commitment to higher education and healthcare workforce development that a permanent endowment in support of nursing education should be established.

Section 4. Facility Naming

- A. W.W. Hastings Hospital:** The designation of the facility located at 100 S Bliss Avenue, Tahlequah, Oklahoma, more specifically described in Exhibit A, as W.W. Hastings Hospital, shall terminate upon the transfer of outpatient healthcare operations there to the replacement outpatient facility located approximately one-half mile to the east of said facility, upon which said replacement facility shall be designated Cherokee Nation W.W. Hastings Hospital, all said designations described herein memorialized in writing to the Speaker of the Council.
- B. Cherokee Nation Nursing and Allied Health Education Center:** Upon the Principal Chief memorializing the designations described in Section 4(A) of this Act, the facility located at 100 S. Bliss, Tahlequah, Oklahoma, more specifically described in Exhibit A, shall be designated as the Cherokee Nation Nursing and Allied Health Education Center, alternatively referred to herein as the "Subject Facility," provided:
 - 1. The Principal Chief is authorized to execute such agreements with third party providers of education in said Subject Facility which may permit additional sub-naming and signage as may be required by said agreements.
