He stated this should solve some of the problems and questions which have surfaced. He stated the Immersion program is a long range commitment that we do not know right now what the overall impact of immersion will be. He stated three years ago he would not have been able to get a public school within our fourteen county areas to sponsor a true immersion program. He stated he has suggested implementing a programmed home school curriculum with backup of classes for the parents every other week. Councilor Cowan Watts inquired when the program would broaden outside of the Cherokee Nation. She stated they want Cherokee child care in Catoosa for the employees. Councilor Thornton inquired as to the number of applicants on the waiting list for Sequoyah. Dr. Morton stated before school was out there was approximately 60 on the waiting list.
