Health Committee Report

January 2021

Highlights

CNHS recently celebrated the one-year milestone of our COVID-19 vaccine rollout. Our first doses were administered on December 14th of 2020, and we have since administered over 94,000 total COVID-19 vaccine doses. The Health Services Team is committed to protecting our citizens and communities by continuing our vaccine efforts!

In addition, a big WADO to our retiring physicians, Drs. Peres, Suarez, Soto, and Morales for their 100 years of combined service!

Patient Compliment

Kayla Fourkiller and Rhonda James were exceptional and very professional, extremely nice, and they met all of my needs. This was my first visit and it was more than I expected. Heather Thurman was very helpful at my visit. She has always been great at helping me with whatever I need.

Cherokee Nation Health Services Public Health Report - November 2021

Part A: PUBLIC HEALTH LEADERSHIP

Public Health Accreditation Board (PHAB) Reaccreditation: December 2021:

- Update Cherokee Nation Public Health core documents to ensure competency with the 2020 updated Ten Essential Services of Public Health and PHAB Standards and Measures Version 1.5
- Public Health Strategic Plan –completed and approved
- PHAB domain re-accreditation documentation – ongoing – uploading documents and narratives for each domain
- Tribal Health Assessment – final stages of development; conducted review of findings with stakeholders and received input on development of the Tribal Health Improvement Plan
- Tribal Health Improvement Plan – in progress
- Public Health Performance Management – training/implementation of PM software
- Public Health Workforce Development –PH workforce survey complete and updated workforce development plan in progress

Cross-Collaborative with CN Education:

- Indigenous Systems: Revitalizing Inherent Alignment Project – Met with cross-collaborative team in October with Red Star Intl presenting on how each program contributes by addressing upstream causes of poor health outcomes. Received feedback on what team members view of a healthy community. Obtained a facilitator to work with team to create model and pilot test model. Received additional funding from CDC to develop Social Determinants of Health Accelerator Model.

Centers for Disease Control and Prevention (CDC) Tribal Advisory Committee (TAC):

- Completed work on the revision of the TAC charter which passed committee with a unanimous vote and has been submitted to CDC for review/approval. CN Government Relations facilitated the process and ensured the charter changes reflected the TAC members input. Deputy Chief Bryan Warner is the newly elected Chair of the TAC and leads monthly calls with the TAC and CDC Leadership. TAC Chair Deputy Chief Warner and Authorized Representative Lisa Pivec work with CN Government Relations staff to provide input to CDC.

National Association of City County Health Officials (NACCHO):

- Cherokee Nation Health Services Senior Director of Public Health was elected to the Board of Directors representing Tribal Public Health Departments. NACCHO is the only organization dedicated to serving every local health department in the nation. NACCHO serves 3000 local health departments and is the leader in providing cutting-edge, skill-building, professional resources and programs, seeking health equity, and supporting effective local public health practice and systems.

Public Health Monitoring & Surveillance:

- Tribal Health Assessment
- County Health Assessments: Completed in final approval process

- Opioid Overdose Prevention
- Youth Risk Behavioral Survey
- Beginning early implementation of the Conduent community data dashboard program
