Cherokee Nation W.W. Hastings Hospital

Achievements

- Tracey Allen, our Nursing Director of Emergency Services, has recently earned the National Healthcare Disaster Professional certification after completing a competency-based examination; it assesses knowledge, skills and competencies of healthcare professionals relevant to all phases of disaster preparedness, mitigation, and response and recovery cycles.

Patient Access

- Labor and Delivery delivered 67 babies during August 2018.
- The Emergency Department and Urgent Care provided care to 6,065 patients during August 2018 with a Left Without Being Seen (LWOBS) rate of 6%.
- Surgical Services performed 431 surgical procedures during August 2018.
- **Dental Services:** Clinical visits include Exams, Emergency Exams, Return Visits for Treatment, Diabetic Screenings, and HeadStart Screenings: 7,878 clients served. **Scheduled Dental Examinations** for routine care: 2,807 clients were served. **Emergency Exams** (these are unscheduled walk in patients): 1,085 clients were served.
- **Comprehensive Cancer Control Program**– is a CDC funded cancer prevention program with an emphasis on surveillance and public education to raise awareness about cancer. Current projects include,
- **The Liver Cancer Prevention Pilot Program**– The purpose of the project is to develop an action plan (AP) for NCCCP awardees that includes activities related to preventing living cancer and its risk factors. The purpose of the action plan is to increase awareness and knowledge among NCCCP public health professionals and healthcare providers about the need to address viral hepatitis as a major risk factor for liver cancer.
- **Human Papillomavirus (HPV)**-The American Cancer Society and CN Comprehensive Cancer Control program are partnering to host a film viewing of the *Someone You Love: The HPV Epidemic* documentary. This documentary features the lives of five women affected by the Human Papillomavirus (HPV), a virus that causes several types of cancer and genital warts. The film sheds light on the risks, myths, problems, politics, misconceptions and hard truths of this widespread epidemic.
- **Breast and Cervical Cancer Early Detection Program**- The program serve Indian/Cherokee women (Clinical Breast Exam, Mammograms, Ultrasound, Pap smear, HPV testing, Colposcopy with or without biopsy, Colposcopy w/ ECC and ECC, and Cytopathology). During the month of July the BCCP program screened 266

Native American women for Breast Cancer and 140 for Cervical Cancer, 363(89%) of the women served were Cherokee citizens.

- **Behavioral Health Service**– A range of behavioral health Services were provided to 1,926 clients across 2,679 visits to Behavioral Health in August, 2018.
